

Any more ideas ?

I am out of ideas. That is a basic game.

Now you can make it your game. Add your own ideas. Customise it.

How about -

- * Add sound effects

- * Better graphics

- * Something to catch to increase (or decrease) the time limit. Maybe it shows up for 5 seconds and then vanishes again.

- * Make the bananas move ?

and most of all have fun !

:)

If you wish to carry on at home, you can find these cards at

www.donabatedojo.com

[Note : Today's project is heavily based on a project from www.inventwithscratch.com]
