

# Make it funky !

We are getting quite close to a funky game.

It's now just missing one thing. YOUR changes.

This is now your game so add on your own bits to make it perfect.

- \* Better sound effects.
  
- \* Different pictures
  
- \* What if the bad guys come from different directions ?
  
- \* What if the bad guys move up and down randomly ? (wow that does sound hard)
  
- \* The cheesy puffs do not fly at you – they just sit still for 5 seconds then vanish – you have to go and get them.
  
- \* Introduction screen

- Enjoy -
