

Any more ideas ?

1 I am out of ideas. That is a basic game.
Now you can make it your game. Add your own ideas. Customise it.

How about -

- * Better sound effects
- * Better graphics
- * Lives ? Or a time limit ?
- * A backdrop (click on the stage near the sprite in the bottom right and select background)
- * Make the balls change direction or bounce
- * Make it look more like your town

and most of all have fun !

:)
