

# Any more ideas ?

I am out of ideas. That is a basic game.

Now you can make it your game. Add your own ideas. Customise it.

How about -

- \* Add better sound effects

- \* Better graphics (you MUST be able to draw better than me ?)

- \* Something to catch to increase (or decrease) the time limit. Maybe it shows up for 5 seconds and then vanishes again.

- \* More cars ?

- \* A better track design -

  - how about a figure of eight ?

  - How about multiple tracks (use more than one costume)

and most of all have fun !

:)
